Our retirement properties

Our retirement flats and bungalows, exclusively for over 55s, are designed to make life a little easier, releasing you from the worry, work and expense of managing a larger home. You get independence and privacy when you want it, with the added advantage of living in a welcoming community environment. Retirement housing at Saxon Weald allows you to live independently with the reassurance that support is there should you need it. Levels of support and care provided may vary between our schemes.

Ranging from studio flats to one and two-bedroom flats and bungalows, each property has its own front door, and is fully self-contained. The majority of flats are grouped together into schemes, although some properties are detached from a main building.

The features of our properties vary widely, however, for your peace of mind, most are fitted with an emergency pull-cord system. This enables residents to signal for help in an emergency.

£

All properties are let unfurnished, with residents paying rent, service and support charges. The service charge pays towards all services provided and the maintenance of the scheme.

Heating and hot water bills are paid either directly to Saxon Weald or to the relevant energy supplier, depending on the scheme.

Inside our schemes

Our schemes offer a range of facilities for the comfort and enjoyment of residents. Many schemes feature a residents' lounge, giving a relaxing place to stop for a chat or join in a social event. Most schemes also have a shared garden, while some even offer a small private garden, patio or balcony.

There are usually plenty of opportunities to socialise with other residents. However, you choose the lifestyle you want and this can be as private or as active as you wish.

We fit electronic door-entry systems in all our blocks (bungalows will have their own lockable front door), enabling residents to let visitors in, without leaving their home. This gives extra security, with residents knowing that a visitor has to be identified before they can gain access to the scheme.

Facilities vary but can include:

- Residents' lounge
- Quiet room / computer area
- Communal lounge with tea and coffee-making facilities
- Guest rooms (available at a small charge for overnight visitors)
- Laundry room
- Mobility scooter charging point
- Communal garden
- Off-road parking
- Hairdressers

Scheme managers

Our scheme managers manage the building and ensure the smooth running of our schemes. Our scheme managers also promote independence for residents within their own home and help them to manage their tenancies. Some scheme managers may cover a number of developments.

Scheme managers work 8.30am – 5.00pm Monday to Thursday and 8.30am – 4.00pm on Friday, however they may not always be on site.

We have a number of independent retirement schemes at Saxon Weald which do not have a scheme manager service. These include Robin Place, Florence Court, Adur View, Orchard Gardens and Gardener House. This type of accommodation is ideal for those who want to live independently, but want the reassurance of living with people of their age.

We encourage residents to maintain their contact with friends and family when they move into retirement housing. Relatives still have a responsibility for the welfare of their family member, particularly in regards to dealing with personal and financial matters. Residents can also nominate a friend or family member as a key holder, who will be contacted in an emergency.
